

Dear Colleagues,

We are very pleased to present the scientific programme of the first **WORLD IFOS COURSE ON HEARING REHABILITATION** to be held in Lima on November 11-13, 2018.

This course addresses the requirements of the IFOS global missions: to promote the specialty all around the world reflecting the practice diversity.

The course has been made possible mostly with the collaboration of the ENT Pan American Association and the French ENT Association (SFORL).

We really hope that many of you will join us in Lima.

COURSE ORGANIZER

Bernard FRAYSSE
IFOS President

Milan PROFANT
IFOS General Secretary

Hector RUIZ
IFOS Regional Secretary

SPEAKERS

SOUTH AMERICA

A. Arias (Peru)
R. Bento (Brazil)
P. Blanco (Colombia)
C. Boccio (Argentina)
J. Chiossone (Venezuela)
P. Faletty (Argentina)
M. Goycoolea (Chile)
Al. Rivas (Colombia)
Ad. Rivas (Colombia)
H. Rondón (Peru)
H. Ruiz (Argentina)
A. Suarez (Uruguay)

INTERNATIONAL

S. Archbold (UK)
S. Chadha (India)
V. Cousins (Australia)
M.J. Esteve-Fraysse (France)
B. Fraysse (France)
B. Gardini (France)
A. Huarte (Spain)
F. Kozak (Canada)
R. Laszig (Germany)
M. Laureyans (Italy)
M. Manrique (Spain)
T. Mom (France)
M. Profant (Slovakia)
C. Tavartkiladze (Russia)
H. Thai Van (France)
C. Vincent (France)

PRACTICAL INFORMATION

Location

Hotel Plaza Del Bosque
Av. Paz Soldan 190, San Isidro
Lima, Peru

Dates

November 11-13, 2018

REGISTRATION INFORMATION

Registration to the
World IFOS Course on
Hearing Rehabilitation
www.ifosworld.org

Registration to the
Pan American Congress
www.panamorlperu.com/en

Application for grant
fraysse.b@chu-toulouse.fr

IFOS WORLD COURSE ON HEARING REHABILITATION

JOINT MEETING WITH THE
PANAMERICAN ASSOCIATION

11-12-13
NOVEMBER 2018
Lima - Peru

TOPICS

Action for global hearing health
New trends in audiology and hearing aid
Management and rehabilitation
vestibular disorders
Auditory implant
Video session on middle ear surgery
Innovation in otology
Update guideline and
clinical cases discussion

NEXT COURSE MIDDLE EAST

March 28-30, 2019 in Dubai
Organized by Dr. Hussain Abdul Rahman Al Rand

🕒 2:00 ▶ 7:00 pm

ACTION FOR GLOBAL HEARING HEALTH

IFOS GLOBAL MISSIONS *B. Fraysse, M. Profant, H. Ruiz*

Introduction and general perspective of sensorineural hearing loss *M. Goycoolea*

Global burden of hearing loss and WHO's response *S. Chadha*

Hearing loss: an issue for public health planning *S. Archbold*

Role of ENT / Audiology professionals in global hearing health *S. Chadha*

Gathering the evidence, what really counts *S. Archbold*

Economic Impact of hearing loss: the different systems of hearing management *M. Laureyns*

Round Table: Strategies to improve access of hearing health care and assistive technologies

Moderator: *R. Bento (Brazil)*

Panelists:

A. Arias (Peru)

P. Blanco (Colombia)

J. Chiossone (Venezuela)

P. Faletty (Argentina)

M. Goycoolea (Chile)

Al. Rivas (Colombia)

H. Rondón (Colombia)

Round table: How to build a global plan in outreach mission *T. Mom, B. Gardini*

🕒 8:30 ▶ 10:30 am

AUDIOLOGY

Universal newborn screening: the good model *M. Manrique*

Audiological diagnosis after newborn screening *H. Thai Van*

Auditory neuropathy spectrum disorders *G. Tavartkilaze*

Tinnitus assessment and treatment *M.J. Esteve-Fraysse*

Hearing and Cognition *H. Thai Van*

🕒 11:00 ▶ 13:00 am

EQUILIBRIUM

Acute vestibular syndrom *M.J. Esteve-Fraysse*

How to evaluate and treat Menière patient in 2018 *T. Mom*

BPPV advanced diagnosis and management *P. Blanco*

Current strategies for vestibular rehabilitation *A. Suarez*

Vestibular migraine *P. Blanco*

🕒 2:30 ▶ 4:30 pm

HEARING AID AND MIDDLE EAR IMPLANTS

Prescribing adjusting and evaluating hearing aid performance in children *A. Huarte*

Binaural and bilateral consideration in hearing aid fitting

Ad. Rivas

Evidence based selection of hearing aids and feature

M. Laureyns

Middle ear implant: where are we now? *M. Profant*

Rerouting signal in single side deafness *C. Vincent*

🕒 5:00 ▶ 7:00 pm

AUDITORY IMPLANTS

Cochlear Implant selection criteria and pre-operative assessment *M. Goycoolea*

Bilateral CI in children: simultaneous or sequential?

M. Manrique

Cochlear implants in Single Sided deafness *R. Laszig*

Cochlear implant and hearing preservation *Al. Rivas*

Personalized auditory and cognitive rehabilitation in poor performers *B. Fraysse*

Challenging cases in cochlear implants *R. Laszig*

🕒 8:30 ▶ 10:30 am

MIDDLE EAR SURGERY

Hearing aid or surgery in otosclerosis *B. Fraysse*

Factors affecting ossiculoplasty results *C. Boccio*

How to close a tympanic membrane perforation *H. Rondón*

Classification of cholesteatoma and surgical strategies *J. Chiossone*

Mastoid obliteration *T. Mom*

Complications of otitis media *V. Cousins*

Imaging of middle ear surgery in children *F. Kozak*

🕒 11:00 ▶ 13:00 am

VIDEO SESSION (8-10 minutes per video)

Moderators: H. Rondón, H. Ruiz

1. Stapes surgery

2. Ossiculoplasty

3. Obliteration technique

4. Meatoplasty and open technique

5. Close technique

6. Translabrynthine approach

🕒 2:30 ▶ 4:30 pm

INNOVATION IN OTOLOGY

Innovation in objective auditory testing *G. Tavartkiladze*

The limit of endoscopic "middle ear surgery" *Al. Rivas*

Interest of teleaudiology in hearing aid fitting *R. Bento*

Realtime electrocochleography in CI *C. Boccio*

The future of inner ear drug delivery *C. Vincent*

Round window membrane permeability *M. Goycoolea*

🕒 5:00 ▶ 7:00 pm

RECOMMENDATIONS AND CLINICAL GUIDELINES

Evolution and treatment of acoustic neuroma *R. Bento*

Sudden Hearing Loss guidelines *M. Profant*

State of the art in the management of paragangliomas *V. Cousins*

CONCLUSION: Goal of the next

IFOS HEARING REHABILITATION COURSE – DUBAI
